

# Yippie! It's Jam Time

Thursday, May 1, 7pm

First hour and a half or so, we'll all play together, then we might play Old Time in the atrium (great acoustics) and Bluegrass in the main room, or we might all go into the new great room and make some noise on the balcony if the weather's nice – all depending. Still trying to coax some more folks to sing, and then there's that banjo tangent I'm on. You know, the world's record is only about 240 banjos playin one piece at the same time - hmmm

**Steven Silverstein** will be leading the jam this month. He's been playing guitar for over 30 years and banjo for almost five years. Have your favorite tunes worked up and ready to call.

## Wow!

We have a very special guest **Terry McGill** from Straight Drive, who will be joining us and giving a free workshop for banjo players. He's just put out a Mel Bay book about Alternate Tunings for Five String Banjo. His CD will also be available.
